

I respectfully urge the FCC to reject the NAB's petition 04-160 that seeks to stop XM radio from providing instant traffic and weather reports. I pay for the XM service, and feel that it should not be up to the NAB to dictate what local information I should be permitted to hear from the satellite company. XM allows us to hear traffic and weather all the time, which is a service not offered by our local stations. Again, I urge the FCC to reject the NAB's petition 04-160.
